

Georgian College of Applied Arts & Technology Official Document Cover Page

Georgian College of Applied Arts & Technology official documents are issued directly through MyCreds™ which is owned by the Association of Registrars of the Universities and Colleges of Canada (ARUCC) and powered by Digitary, a trusted international verified digital credential platform. MyCreds™ ensures document authenticity. When transcripts, credentials, and any other documents are issued through MyCreds™, they are verifiable, secure, and include a cryptographic signature.

If you have received notification of this document and a link to access it through MyCreds™, you are viewing a certified official document that you can trust. A document routed to you as an attachment from an individual personal email is not official and may not reflect the most recent version.

When viewed in PDF format in Adobe 9.0 or later, this document has a number of security features described below. These security features do not apply to a printed copy. Under no circumstance should a printed copy be relied upon as it could be subject to tampering. This document is shared as a single-use transaction between the learner and the recipient and downloads are for record keeping purposes only. Forwarding or reproducing this document will render the document not valid.

Security information

To verify the authenticity of the digital document, make sure you are accessing it online via a link to the document on MyCreds™. The link will start with <https://learner.mycreds.ca>.

When viewed in PDF format in Adobe 9.0 (or later), the digital signature of the document should be interpreted as follows:

 The blue-ribbon symbol signifies that the contents of the document have not been altered after it was downloaded. It does not signify its currency (it may have been revoked or replaced by the institution or organization with a more up to date document). If the document does not display a valid certification and signature message, reject this document immediately.

 This symbol with a red cross signifies that the issued document is invalid. An invalid digital certificate display means either the digital signature is not authentic, or the document has been altered. A document with an invalid digital signature display should be rejected.

 This symbol signifies that the Author is Unknown. Author Unknown can have two possible meanings: The document is a self-signed document or has been issued by an unknown or untrusted authority and therefore has not been trusted. If you receive this message, make sure you are properly connected to the internet. If you have a connection and you still cannot validate the digital signature on-line, reject this document.

 This symbol indicates that Adobe needs to validate the signatures. You will need to follow the instructions to validate the signature. Should the signature validate successfully, you will be presented with the blue-ribbon symbol above. If it cannot validate the signature, the red cross will be presented.

This document is available for viewing until the expiry date set by the Learner. If your access has expired, you will need to contact the Learner to request a new share of the document. MyCreds™ cannot reissue documents.

For details about Georgian College's grading scales, academic standing and continuance policies, please refer to the [legend on the transcript](#).

Transcript Legend

Georgian College was established by the Department of Education Act (Ontario) 1967 and is accredited by the Ontario Ministry of Colleges and Universities (Canada):

<https://www.ontario.ca/page/ministry-advanced-education-and-skills-development>

The College is a member of Colleges Ontario: www.collegesontario.org

Grading Symbol Definition

S	Co-op work term successfully completed
U	Co-op work term unsuccessful, must be repeated
NP	Suitable co-op not found
P	Course requirements met
F	Unsatisfactory performance; failed to meet course requirements
IN	Course incomplete, further work required. Work must be completed within one semester
AS	Advanced standing granted for related accredited post-secondary credits
EX	Exemption granted for previous educational credits and/or work experience
WD	Withdrawal in accordance with college academic policy
AU	Audited course
I	Repeated course
AEG	Pass by aegrotat. Portion of work term not completed due to illness or other equally compelling reason. Minimum pass granted for graduation purposes
MT	Mid-term or full year course, no grade available
ASN	Courses taught by an association. Credit not issued by Georgian
ATT	Courses with no evaluation factor; normally a non-credit course
DNA	Did not attend; normally a non-credit course
UNV	Courses taught by a partner university. Credit not issued by Georgian

Grade Point (G.P.)

The College uses the following grading system to determine G.P. and/or equivalent letter grades:

Percentage	Grade Point	Letter Grade Equivalent
80-100	4.0	A
70-79	3.0-3.9	B
60-69	2.0-2.9	C
50-59	1.0-1.9	D
0-49	0.0	F

Numerical Grading System 0 -100

A pass mark is 50% in all courses unless specified differently in the course or program outlines.

Grading Symbols

Unless specifically indicated, letter grading symbols are not calculated in the average.

Numeric grades associated with failed courses and transfer credits are recorded. Numeric grades assigned to the "F" graded symbol are calculated in the semester averages.

Credits

The credit value is determined by dividing the total number of hours or equivalent hours of a course by the minimum duration of the semester (normally 14 to 16 weeks).

Dean's List - Effective Fall 1989

The Dean's List recognizes full-time postsecondary students who have achieved a weighted average of 80.0% or higher for any academic semester.

Calculation of Weighted Averages (Effective Fall 2003)

Semester Weighted Averages (SWA) are used to determine promotional status and eligibility to graduate. GPA includes all credit courses taken in the semester. Grades receive Quality Points (QP) ranging from 0 to 100 (grade earned = QP). Courses are assigned "credits" based on the number of total hours (42 hour course = 3 credits). The total course QP is calculated by multiplying the QP (based on the grade) by the course credits.

To calculate the semester GPA, divide the total QP by the total course credits.

Program GPA is computed similarly and includes all course grades used for graduation in the student's program.

Prior to Fall 2003, SWA was used to determine promotional status and eligibility to graduate.

The SWA includes all credit courses taken in the semester (excluding fundamentals courses as of Fall 1998). The SWA is calculated by multiplying the final course grade by the course hours to give the weighted grade.

Grade x total course hours = weighted grade

The weighted grades from each course are then totaled and divided by the total hours for all courses taken in that semester (excluding fundamentals courses as of Fall 1998) to calculate the SWA.

Sum of all weighted grades divided by the sum of total.
